Verifone Engage P400 Plus

Check-out redefined

Model shown: Verifone Engage P400 Plus

The right device to meet all your business needs

Verifone Engage P400 Plus

Powerful sleek design

Boasting a vibrant colour display, the P400 Plus engages customers at the point of sale. Pair the PIN pad with a host device for a seamless consumer-facing solution, that merchants can count on for years to come.

The P400 Plus has scratch resistant display glass, and is engineered for customer interaction and reliability.

What's hot?

Angled display, tactile keypad, new user interface, and a redesigned EMV slot for smoother card insertion make it comfortable and easy to operate.

Reliable and secure

Delivering world-class performance, flexibility, and advanced security, this premium device provides retailers with the tools to encourage greater engagement and better returns.
